### Please read the following information carefully:

- Send your form in as soon as you are 18 weeks. Places are limited and fill up quickly.
- Bookings will not be accepted before 18 weeks. We are not able to guarantee placement if you send the booking in late.
- Bookings may be sent by email or post to the addresses below.
- All confirmation of bookings will be by email. Please allow at least 7 days for confirmation of your booking.
- Please choose your dates carefully as rescheduling is not possible.
- Saturday sessions run for two consecutive weeks and it is not possible to split the dates.
- Your health fund policy may cover the cost of workshops upfront or you may be able to claim some of the cost back from your fund after the workshop is completed. As this varies between funds all fund members need to complete the payment details. If your fund covers the workshop upfront you will not be charged.
- All Defence Force bookings require an accompanying Defence approval form which is specifically for antenatal classes.
- All BUPA members must send a BUPA claim form with the booking form. If you are a BUPA member you do not need to complete the payment section as only the claim form is required. The claim form needs to have date of birth, fund details and a signature section completed.
- Some health funds do not issue any rebate for antenatal classes and all sessions are facilitated by a midwife. If you are not sure if you are covered for antenatal classes you may need to contact the fund and check prior to booking.
- Receipts are posted to you when your payment is processed.
- Refunds are only issued where a medical reason exists.
