Dr David Dickison has been an orthopaedic surgeon for over 25 years in the Northern Beaches. He completed his Australian Orthopaedic Association (AOA) accredited training in Sydney. He completed further education in knee surgery as a fellow in the UK and USA.

Dr Dickison is involved in advanced training of orthopaedic surgeons, and is the former Chair of the AOA Fellowships Committee. He is active in orthopaedic research, presenting regularly both locally and internationally.

Dr Dickison has pioneered robotic total and partial (unicompartmental) knee replacement. He has been instrumental in the introduction of the MAKO Robot system. He is the leading trainer in Australia for MAKO knee replacements.

Dr Dickison prides himself on providing personalised care. He enjoys working with patients so as to achieve the best outcome. He has extensive experience with complicated knee problems.

Dr Dickison enjoys his work and the challenges it brings.

Areas of Sub-Specialty/Special Interests:

- Robotic Knee Surgery (Partial and Total Knee Replacements)
- Knee Injuries
- Partial and Total Knee Replacement
- Arthroscopic knee operations
- Arthroscopic knee reconstructive surgery
